Biography:

Don Stafford is a founding partner and President at Robinson, Stafford & Rude, Inc. (RSRI). He has more than 40 years of experience in the planning, management, design, value engineering (VE) and construction of public and private capital projects across North America. He has conducted more than 300 formal VE studies. He has worked for for public agencies (owners), designers, value engineers and contractors. He is currently VP of Education for SAVE International, the value engineering professional association and serves on its board of directors and on its certification board for competence in Value Engineering. He is both a registered engineer and a Certified Value Specialist.
